STUDIO & LIVE MIXING

THE EXPERTISE

Since 2007, I have focused on the art of sound—balancing technical precision with artistic intent. I specialize in bridging the gap between meticulous studio mixing and the high-pressure energy of major live productions.

PROFESSIONAL FOCUS

- **Live Sound Engineering**: FOH and monitor engineering for concerts, tours and festivals.
- **Studio Recording & Mixing**: Professional recording sessions at various studios and mixing services from my private mixing suite.
- **Technical Expertise**: Live mixing consoles, Dante audio networking, IEM systems and RF coordination.

BASED IN ISTANBUL, TURKEY

Working across live sound, recording and mixing projects in Türkiye and internationally.
